New York Meeting Today.

The meeting of the various war excited northwest corner of the south the same company's No interest Thiss people greatly and The World will be represented by Lorenza W. Martin, special corresponded by Lorenza W. Mar out saving, and there is no disposiease the plan in advance, or in in feet coefers with it's future welfare, if it. As

seems a good thing for this partieular part of the world

Twice it has been tried in Okia.

homa, and the first time it was found to be impossible to stop drilling and the same situation appears to be con-

of Mr. Bedford, who, after all, had much to do with the altuation. It would seem that the oil men and the war boards would be willing to rest on their reputation as established then, and let it go at that:

Mexico Shipping Much Oil.

Special to The World.

WASHINGTON. March 14 Declared exports of crude oil and petroleum products from the Tampico district to the United States during the year 1918 amounted to 39,618,121 horrels, according to a report received and made public by the commerce department todal from Claude II. Dawson, the American consul at the All to the American consul at the second seco Tampico. Mr. Dawson states that the movement from Tampico was 27,898,734 barrels for the year ended last January 1: from Tuxpam, 9,011.

100 barrels: and from the loading station at Port Lobos, 2,708,287 bar-
